Grass Lake Losing School Chief

4 Board Members May Quit

The new superintendent of the Grass Lake School District, Gene Paulausky, plans to leave the post after only one year on the job.

A school board member, who praised the job he is doing, said he has been receiving threatening phone calls and critical, unsigned letters.

Paulausky said Monday that he will fulfill his contract, which expires June 30. He replaced William Hart last summer.

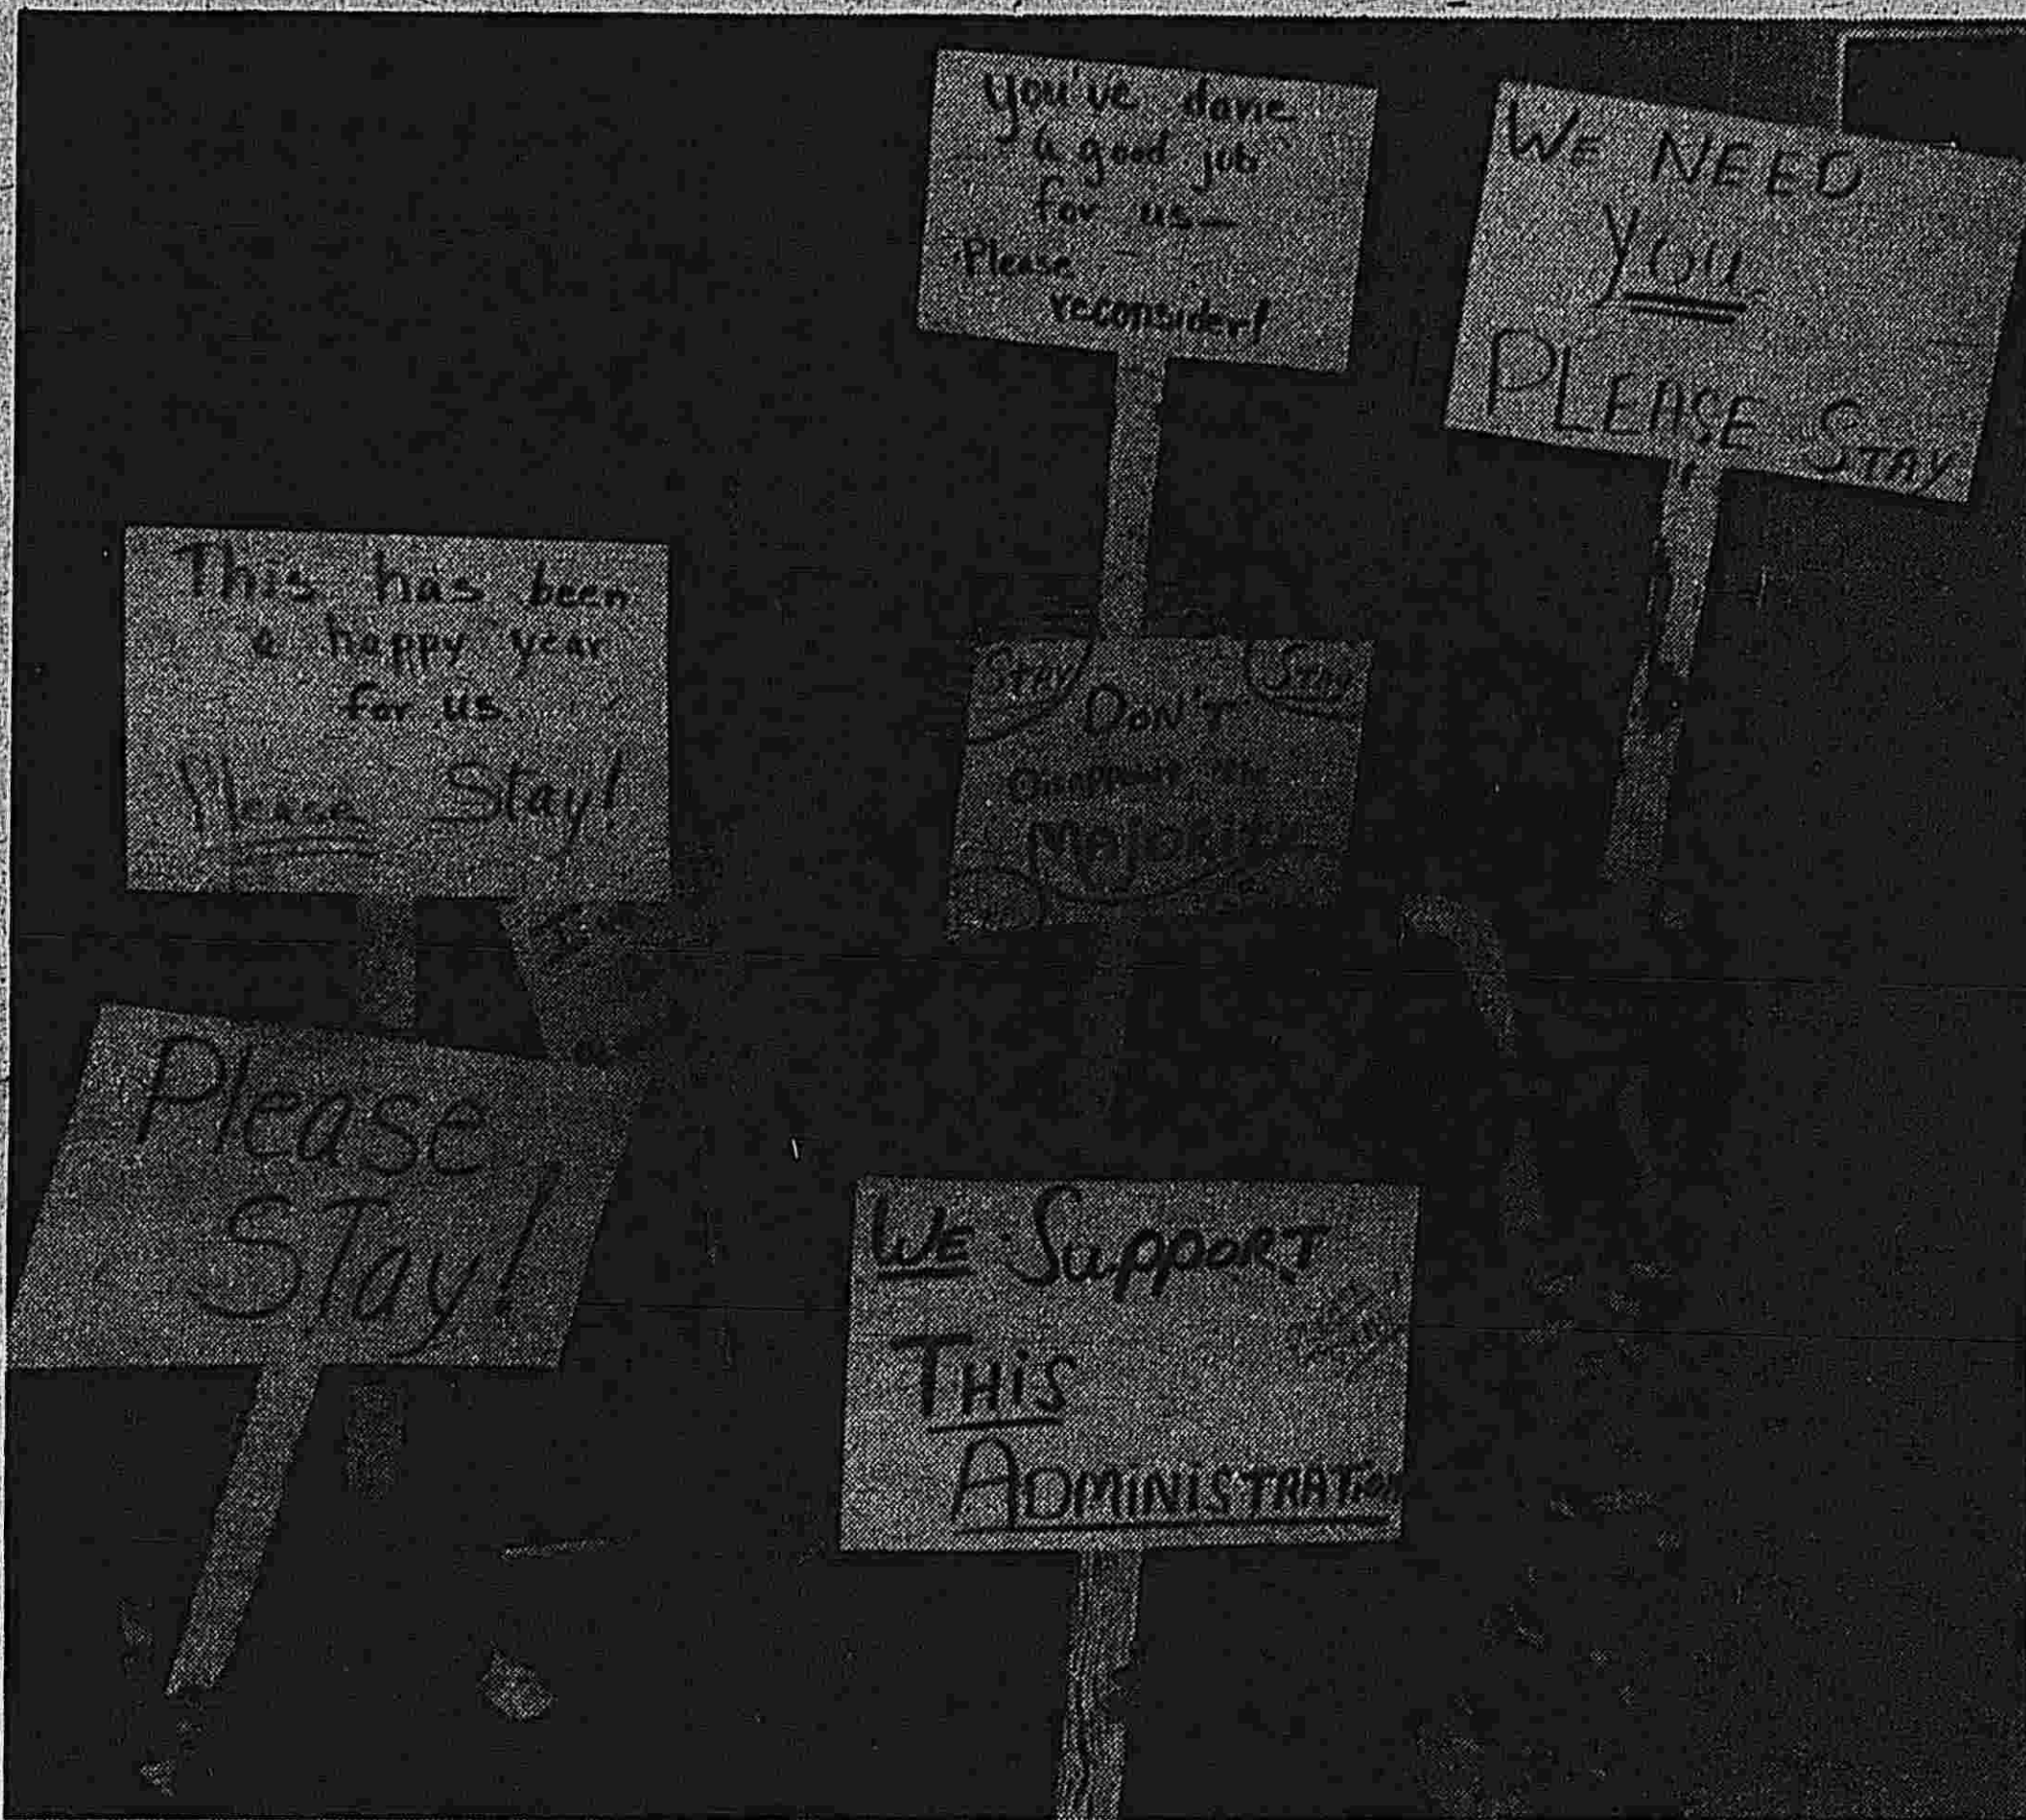

Paulausky said he has plans to pursue work on the university level. He has a doctorate degree.

He said, "There has been no disagreement between myself and the school board. They have been most supportive and most cooperative."

"I CLASSIFY the board as being excellent," he added. "I think I've made a lot of friends in the community, especially my students. I'll always have fond memories of Grass Lake ... I appreciate the community."

Members of the Grass Lake school board include Gregory La Planté, president; John Steltz, Henry Nohova, Jeannie Handschigel, Pat Sikorski, Beverly Mattson and Mary Beth Walsh.

NEARLY 100 PERSONS gathered at Grass Lake School Monday night for a "Parents' Rally," asking Eugene Paulausky to reconsider his decision to leave his post as the school's superintendent. Students attended, too, displaying homemade signs expressing their sentiments.

A&P's Liquor Sales Must Stop at 10 p.m.

Antioch's A&P supermarket will be allowed to sell alcoholic beverages only until 10 p.m., the village board decided Monday night.

Under the village's new liquor ordinance, stores such as the A&P, which have a Class B license, can sell alcoholic beverages from 8 a.m. until 10 p.m.

The A&P previously has been able to sell liquor 24 hours a day, since the Antioch store is open all day and all night.

The A&P offices in Chicago wrote to the village board, asking permission to sell liquor during the same hours as businesses holding Class A licenses. Taverns with Class A licenses, for example, can stay open till 2 a.m. Sunday through Thursday and until 3 a.m. on Friday and Saturday.

Village attorney Andrew Lynch was authorized to write the A&P in Chicago informing the firm that the village has turned down its request.

WITH A SIGN on the wall urging Dr. Paulausky and school board members to stay in their jobs, the superintendent thanked the audience. "I was very appreciative of the gesture made by the community," he told reporters.

Sentenced For Robbing Gas Station

A 42-year-old Antioch man was sentenced last Wednesday by Circuit Judge Hughes to a term of 9 to 11 years in the state penitentiary after pleading guilty to the Dec. 9 armed robbery of Norm's Standard Service Station, Rtes. 59 and 173, Antioch.

James Fairbanks, with a prior record of convictions and also wanted in Wisconsin on similar charges, admitted using a revolver to hold up Norm Van Rooyen, owner of the service

station, and taking an undetermined amount of currency from him. The robbery occurred shortly after 1 a.m.

Fairbanks was picked up 11 days later on a warrant by Lake County Sheriff's Department deputies and Antioch police.

Fairbanks waived a presentence investigation after pleading guilty on terms proposed by Asst. State's Atty. James Bertucci and Asst. Public Defender Ray Zeason.

Village Employees Get Pay Increases

Pay raises for village employees were approved Monday night by the Antioch board of trustees.

Most of the raises are approximately a 7 percent increase over what the workers have been making during the past year.

The new salaries include \$18,500 a year for Police Chief John Wells and Superintendent of Public Works Walter Shepard.

Charles Mapletorpe, superintendent of sewer and water, was raised to \$16,058 a year. Mr. Mapletorpe also serves as fire chief and receives \$1,500 for that job.

Village Clerk Marilyn Stenberg had her salary increased to \$13,374 and Village Treasurer Shirley Gutowski to \$9,630.

Walter Delaney, building commissioner, is now earning \$13,915 and Sue Koppa, the new parks and recreation coordinator, \$11,000.

Top pay for other village

workers is \$6.71 an hour for Foreman Earl (Scotty) Lowe.

Base pay for the eight village police officers ranges from \$11,572 to \$12,504 for Lt. Tim Zelinski. The four police dispatchers have base pays ranging between \$8,101 and \$8,830.

Rescue Squad's Total: 270 Calls

The Antioch Rescue Squad made 14 calls last week, most of them for first aid. In 11 cases, victims were transported to Waukegan hospitals.

The squad now has made 270 calls so far this year.

Gold Star Party Held

The Antioch American Legion Auxiliary, Unit 748, honored Mrs. Eva Fields, a Gold Star sister, and Mrs. Myra Randall, a Gold Star mother, at a dinner.

New members, Mrs. Christine Martin, Mrs. Mildred Effinger and Mrs. Norma Hull, were initiated by district officers: Junior Past President Mrs. Lillian Odom, Vice President Mrs. Emmaline Thomas, Historian Mrs. Dianne Ralhe and Chaplain Mrs. Gladys Hines.

Hostesses were Mrs. Addie Horton chairman, Mrs. Jennie Neveller and Mrs. Jen Sodman.

Things we wouldn't know if we didn't open all the junk mail that is heaped on our desk:

The chances are one in four you'll fly away to a new nest when you retire.

"Good luck, Charlie!" The boss shakes your hand, you wave goodbye to your co-workers, and you step out the company door into the bright new world of retirement.

There's a 23 percent chance you and your spouse will hang your "Home Sweet Home" sign in a completely new community, according to a nationwide survey.

This study of retirees shows that half of those couples who pack up their worldly possessions after picking up their gold watch and social security application move 500 miles or more away.

The main reason they relocate, according to the study, is to enjoy a good climate, which translates to lots and lots of sunshine.

GOV. DAN Walker has suggested a special \$15 million bridge renovation program that will enable thousands of school children to ride across bridges that they now cross on foot every school day. The 100 bridges are so rickety that school buses are required to stop, and the children must disembark and walk across so the buses can cross empty. The children then board the buses on the other side.

IF YOU are a man or woman 30 years or over and still like to compete in athletic events, you can be a contestant in the "Third Annual 30-Plus Sports Competition."

The contest will be held between June 12 and June 20, and is sponsored by the Chicago YMCA, 1400 E. 53rd St., Chicago 60615.

Prizes include a trip for two to Jamaica, a Zenith color TV set, a wardrobe, and a 10-speed bicycle. Professional athletes are encouraged to enter, however, they may not participate in their own sport.

"Thirty Plus Sports" events are the 50-yard swim, table tennis, basketball skills, racquet ball, handball, bowling, 100-yard dash, half-mile run, mile run, and the 12-inch baseball throw.

Each participant is required to compete in from one to seven events. Prizes are awarded on the basis of individual and overall performance.

There also is a special prize structure for contestants 40 years and older.

We'd sure like to enter. Wonder if they have a pie-eating contest.

Some Progress Toward Safety For School Kids

Some progress is being made in improving the safety situation for Faith Lutheran school children who have to cross Hy. 83, just south of the village of Antioch.

About a dozen children cross the potentially dangerous stretch of road between 8:45 and 9:10 in the morning, to get to school, and again at 3:15 p.m. when they leave.

State Rep. Donald E. Deuster said "the Illinois Department of Transportation is taking action to improve the highway safety situation near the church and school."

Deuster talked to Sigmund Ziejewski, district engineer for the department, who reported:

"A speed study and engineering investigation was conducted on that section of roadway on Thursday, Apr. 15, at which time our zone control engineer met with Rev. K.E. Schroeder, of Faith Lutheran, who viewed the radar operation."

"The study indicated that a reduction of the presently posted speed limit from 50 mph to 40 mph was warranted," Ziejewski said.

He added: "Observations were also conducted with respect to sight distance, which was adequate. The necessary work orders have been issued for posting of new 40 mph speed limit signs, the removal of the passing zone and updating and relocation of the school speed zone sign to focus more attention to the existing school crossing."

Ziejewski said the work will be completed as soon as possible.

It still doesn't make the crossing entirely safe for the children but, hopefully, some motorists will be going a little slower when they pass Faith Lutheran school.

Channel Lake School's Future Is Pondered

The board of education of Antioch Grade School District No. 34 decided at last week's meeting to either renovate the old Channel Lake School or plan to build a new school.

Board President Gail Heath said the decision on Channel Lake School must be made by August.

Board member LaVerne Wood will head a committee with James Miles and Jimmie Quendenfeld to gather information that "should be given to the board and sold to the people."

Opposition to spending more money on Channel Lake School grew last year after representatives of the Illinois Capital Development Board (CDB) and the Illinois Office of Education (IOE) refused to approve spending more state money to bring the school up to life-safety standards. Any money spent now would have to be 100 per cent local funds and it is estimated \$151,000 will be needed.

THE BOARD approved the resignation of business manager Sam Kohr, who is retiring, and science teacher John Wheeler of the Upper Grade School, who has accepted a teaching position at the Francis Parker School in Chicago.

Meeting

The regular meeting of the board of education of Lake Villa Consolidated School District 41 will be held at Pleviak School on Wednesday (tonight) at 8 o'clock.

Is Panama Canal Another Vietnam?

By SEN. BARRY GOLDWATER

BARRY GOLDWATER

There has been quite a bit of discussion about the Panama Canal in recent weeks, and it is time for a cold, hard look at the facts.

A year ago, my position was one of complete opposition to negotiating anything on the canal. However, the indications are clear now that if we don't pursue a course with a long-range goal, it will indicate that

after, say, 40 to 50 years, Panama would have a greater responsibility in the operation of the canal, but with a continued U.S. defense role we will be faced with the possibility of guerrilla warfare.

IF CONDITIONS around the Canal Zone were the same now as in 1945 or 1946, it would be

ridiculous for anyone to talk about negotiations - but conditions are not the same.

There is the prospect that five Latin American countries, plus Mexico, might take up arms against the United States, and my concern is this: What would the United States do if faced with guerrilla warfare over the Panama Canal?

A conflict over the canal could become another Vietnam situation, and it still looks as if this country is in no mood to support such an encounter. And as I have pointed out in the past, the United States should never enter into such a situation unless we intend to go through with it - all the way.

For these reasons, it is time to look at practical alternatives. By utilizing diplomatic means we can avoid having to choose between access to the canal or the use of troops to protect this interest.

We can work to protect our rights to operate, use and defend the Panama Canal, while at the same time seek to maintain good relations with our Latin American allies.

NEGOTIATION DOES not mean that the United States will surrender its interests in the canal - on the contrary, through this process we can put ourselves in a better position to preserve them.

In addition, there is a Senate resolution that takes a stand against relinquishing any U.S. right or jurisdiction over the Canal Zone without a treaty agreed to by the Senate, and I feel certain the matter will be presented in the form of a treaty. Such a resolution is designed to bring the matter

before the Senate for open debate and discussion on the various aspects of negotiation.

Considering the recent talks about the Panama Canal, and in looking at the facts of the situation it is obvious that we will retain military force as a last resort, but the very purpose of the policy of negotiation is to avoid such a last-resort alternative.

Fire caused from spontaneous combustion at the Crandall Ice House on Lake Catherine did damage to the amount of over \$6,000. The three section building was a mass of flame but, after the water was turned on, it did not take the company of men very long to battle their way into the flames. The sawdust packed between the partitions made it very disagreeable for the firemen to work in.

Grass Lake School Problems

Continued from page 1

Paulausky said he will be in no hurry to look for a new job. "I'll investigate it this summer," he said.

Mrs. Handschiegel said Paulausky has been receiving threatening phone calls and unsigned letters from some residents of the school district.

"THIS IS totally ridiculous," she said. "It's just a handful in the community, but Dr. Paulausky doesn't have to take this. And I'm sure that's how he feels. As a school board we've been behind him 100 percent in everything he's done. To us, he's been a good friend. For example, he gets 'x' amount of money for traveling and he's been putting this back in the school, for programs for the kids."

She said that four of the board members are suggesting they might resign, too.

Mrs. Hanschiegel, outgoing president of the Grass Lake Parent-Teachers Organization, said the parents are rallying behind Paulausky, asking him to stay.

The Waukegan News-Sun reported last Friday that four members of the board verbally resigned after Supt. Eugene Paulausky said he was leaving.

John Steitz Jr., with Henry Nohava, Gregory LaPlante and Jeanne Handschiegel reportedly said they would also quit.

Steitz was quoted as saying the "straw that broke the camel's back" was an anonymous letter published in another newspaper citing a lack of discipline in the administration.

"Over the last two years the administration and the board has been intimidated by a handful of anonymous people.

CLC News

The College of Lake County is providing an intermediate guitar course during the school's summer session. Guitar II will meet each Monday from 7-9 p.m., June 7 through July 26, on the Grayslake campus.

Persons who have completed Guitar I or have a comparable knowledge of and playing ability in the guitar can register.

For further details, call the CLC Community Services office, 223-6601, extension 350.

THE COLLEGE also is offering a portrait drawing course on Tuesday starting June 8 from 7-9 p.m. This eight-week non-credit course is designed to develop and sharpen drawing skills.

A variety of drawing media will be explored including conte, charcoal, pastel and graphite. Various lighting situations and basic anatomy will be covered. Several models will be employed to provide as broad a range of experience as possible.

Some drawing experience is helpful but is not a pre-requisite for class enrollment.

Course cost is \$12 with an additional model fee to be charged at the first class session.

Chairmen Named for Village Committees

Chairmen and vice-chairmen for the Antioch village board's standing committees were appointed Monday night by Mayor Robert C. Wilton.

The new leaders will serve for the next year.

THE OLD
FARMER'S
ALMANAC

MAY 24-30, 1976

The lap of the year, the beauty of May.

Your summer vacation plans should be complete by now... Jesse Owens broke 5 world records and tied a 6th May 25, 1935... New moon May 28... Long twilights now... Average length of days for the week, 15 hours, 1 minute... Brooklyn Bridge opened May 24, 1883... Civil War ended May 26, 1865... Good example is half a sermon.

Ask the Old Farmer: I like your weather forecasts and I wonder what your secret is. My grandmother used to tell us that certain days at the end of January governed the weather for the 12 months of the next year. Can you tell which days are supposed to do this? D.C., Batavia, N.Y.

It used to be said that the first three days in January indicated weather trends for the next three seasons. But nobody ever remembered what the weather was a couple of months later.

Home Hints: Keep a piece of sandpaper handy in the kitchen for removing tight screw-on lids.

OLD FARMER'S WEATHER FORECASTS

New England: Rain along the coast and in south at beginning turn to showers by week's end; warm temperatures throughout.

Greater New York-New Jersey: Early week rainy and cool, then sunny and much warmer; showers latter part.

Middle Atlantic Coastal: Cold and rainy most of week, with rain the heaviest at midweek; warming up over the weekend.

Piedmont & Southeast Coastal: Early week cloudy and very cold, with rain in east; heavier rain latter part.

Florida: Showers through latter part of week in central and south, all week in north; slightly cooler over weekend.

Upstate N.Y.-Toronto & Montreal: Week begins with showers and cool temperatures in higher elevations and east; clear and hot end of week.

Greater Ohio Valley: Rainy and cool early week, then clearing and unseasonably hot through week's end.

Deep South: Unseasonably cool to start, with rain in south to midweek; clear and hot over weekend.

Chicago & Southern Great Lakes: Rain and quite cool to midweek; clearing and very hot latter part.

Northern Great Lakes: Clear and dry at first, then turning very hot by midweek and continuing through weekend.

Central Great Plains: Week begins cloudy and cool, then gradual clearing and hot; some light rain latter part.

Texas-Oklahoma: Showers end at beginning of week, then becoming very hot midweek, continuing through latter part.

Rocky Mountain: Increasing cloudiness at start of week, then turning cooler; week ends with light rain over most of region, except heavier in south.

Southwest Desert: Showers in east through midweek, light in west after midweek; latter part cooler.

Pacific Northwest: Light rain and cool temperatures early week; sunny and very warm midweek through weekend.

California: Mostly cloudy and mild all week, with light to moderate rain in north and inland.

Emmons Increases Educational Fund

The voters of Emmons Grade School District No. 33 have overwhelmingly approved a rate increase of 40 cents in the district's educational fund.

There were 171 "yes" votes and only 24 "no" votes.

Superintendent John Kakacek released this "open letter" to voters in District 33:

"The Board of Education, Staff and administration of Emmons Grade School, District 33, Antioch, wishes to thank the district voters for the gratifying turnout on May 15. At this time the 40-cent increase in the Educational Fund was approved by the citizens of the district.

"Whether you voted "yes" or "no" we thank you for taking the time and making the effort required to resolve the issue placed before you.

"The trust displayed by the majority of the voters is deeply appreciated. As Superintendent of Emmons Grade School, District 33, I would like to personally thank each and every one of you for what I feel was not only a vote for the referendum but also a vote of confidence."

Thank you
Sincerely,
John J. Kakacek,
Superintendent

DRIVING IN FOG

If you're in a fog about what to do when you're out driving in one, here's some advice from the experts.

If you are driving on a high speed expressway and thick fog rolls in, get off as quickly as possible. You'll be safer from rear-end collision on lesser roads.

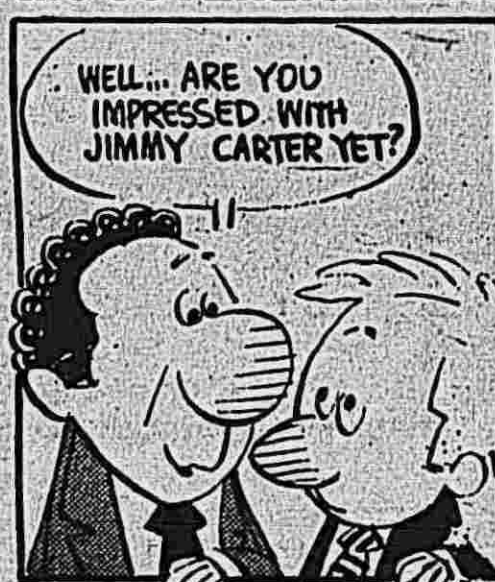

MUCH DENSE FOG is merely a fine accumulation of mist on your windshield.

Turn on your windshield wipers. Much "dense fog" is merely a fine accumulation of mist on the windshield and you'll probably find that much of the fog is not as dense as you thought it was. If your wipers streak, squirt washer fluid on the windshield. This should wash away any oily accumulation. If streaking continues, replace the rubber refills the next time you're in a service station.

PAPERWORK NIGHTMARE

"Each year, small businesses spend some \$18 billion on paper work alone. This includes, among other things, unemployment forms, health forms, accident forms, quarterly Social Security forms, withholding forms, and retirement forms.

"A simple family store that grosses less than \$30,000 a year must fill out, on the average, 52 tax forms a year. Small wonder that your corner neighborhood grocery store is part of a vanishing breed.

"While many small business owners simply throw up their hands in disgust, it is a matter of record that a considerable number of small businesses are indeed driven to bankruptcy by the time and money they must spend in filling out forms of various kinds."

Nashville Banner (Tenn.), Editorial, "The Paperwork Pile of Small Businessmen."

A 20-MEMBER CHORUS of the Lake County Chapter of the Sweet Adelines will highlight a Girl Scout Fair at Oakland Grade School Saturday between 1 and 5 p.m.

The Sweet Adelines will begin their presentation of old-time songs at 3 p.m. Admission to the fair is free.

Other highlights include a film titled "Illinois Bicentennial 1776." It will be shown at 1:30.

Charlene Langosch's Junior Girl Scout Troop 124 will put on a special play sometime during the day.

Nine troops from the Antioch and Lindenhurst areas as well as two Senior Girl Scout troops from Waukegan and Great Lakes plan on entering displays.

Antioch car dealer John Teresi has given the Girl Scouts the loan of his antique popcorn machine and will also be donating a generous supply of popcorn.

THE ANTIOCH chapter of the American Association for Retired Persons (AARP) will meet at 12 noon next Tuesday in the lower level of St. Peter's church. Russ Nixon will talk about the possibility of a nutrition center for Antioch. Senior citizens are invited.

THE STATE BANK of Antioch's women's golf league will get together next Tuesday, 9:30 a.m., at the Antioch Country Club. A spokesman for the league said that "anyone from the Antioch area interested in golfing can come to the meeting, or call 395-1301 or 395-4176, for more information."

"WHERE WE'VE Been and Where We're Going" will be the subject of Secretary of Commerce Elliot L. Richardson at the Lake County Republican Federation's 1976 Fund Raising Dinner on Friday, June 4.

Richardson will fly to Chicago from California after a trip to Korea. He will hold a press conference before the dinner at the Holiday Inn, Mundelein. The 7:30 p.m. dinner will be preceded by a reception. Richardson has been appointed

ed by President Ford to head a task force on questionable corporate payments abroad. Prior to becoming secretary of commerce he was ambassador to Great Britain. He has also held the cabinet posts of secretary of health, education and welfare, secretary of defense, and attorney general.

THE MAY meeting of the Lake County Township Officials association will be held Thursday, at the Holiday Inn, Routes 45 and 83, Mundelein.

President Barry Fitzgerald has obtained Jerry Soderquist, engineer of drainage and flood control, Lake County Public Works, as speaker. A slide presentation will be given along with his talk on "Storm Water Management in Lake County."

MEMBERS OF St. Peter's Women's Club are being asked to contact Gerri Dost, at 395-1108, to make reservations for the Non-Installation Dinner Party to be held Wednesday, June 9, at Joe & Helen's. Deadline is May 26. The main course will be chicken Kiev at a cost of \$4.50 per person.

"They also would like to thank all who participated for their generous donations," said J.H. Connors, a spokesman for the troop.

Letter

Grass Lake School Chief Defended

Dear Editor,

There is a tragedy taking place at Grass Lake School, that I feel should be brought to the attention of the press, and the public. If for no other reason than that maybe, just maybe, we can stop it from happening again.

Our school is losing its superintendent. Not because of what he did, or did not do, but because of rumors, vicious calls, and accusations from people that do not have the guts, or decency to give their names. I ask you dear people that are guilty of this, why? If you feel so strong in your feelings, if you have the truth, and the facts to back you up, why don't you give your name? What have you the innocent to hide? Or is this

your way of forcing a good man out, just because you don't like him, and you can't run him? You don't have to prove your accusations, you can get away with it reputation intact, because no one knows who you are. A man has to walk away with his reputation tarnished, because he can not find Mr. or Mrs. Anonymous, and sue you for slander, if there's grounds for it.

It's too late to do anything now, but we must put a stop to this in the future.

We, the public, can help put a stop to this too. When someone tells you something about someone, or something that happened at your school, before you run to your friends, and repeat it, for pity sakes, find out

if it's true. Don't ask others, go to the source, or better yet, to the one it's being told about. People will not be that fast to lie, or spread rumors if they know it will be checked out. If you're telling the truth, and your facts are right, you will not be afraid to say it, and back it with your name. The guilty will be exposed, and the innocent protected.

The parents, and the students of our school are signing petitions, hoping that a man who has done a lot for our school, and our children, will stay, but if he doesn't, can we blame him?

"Lion in Winter" Opens June 5

On Saturday night, June 5, "Lion in Winter" opens on the PM&L stage in Antioch.

The following performances will be June 11, 12, 18 and 19.

Tickets are \$3 for adults and \$1 for students. Reservations can be made by calling 395-3055.

The author, James Goldman, describes the palace of King Henry VIII at Chinon as famous for its grace and beauty.

Henry, played by Tom Hausman, has just turned 50, an age at which, in his time, men were either old or dead. But not Henry.

Though arthritis comes occasionally and new battle wounds don't heal the way the old ones did, he is still very nearly all he ever was.

Hausman, in the past two years has played such diverse

roles as Barney in "Last of the Red Hot Lovers," and Hucklebee in "The Fantasticks." Also, Ralph in "Butterflies are Free" and the Great Zaubringer in "The Golden Grotto."

Eleanor of Aquitaine, played by Pat Jamison, is 61 and looks nothing like it. She is a truly handsome woman of authority and presence. She has been a queen of international importance for 46 years.

Miss Jamison has played on Broadway, on national tours, and in musicals such as Show Boat, Damn Yankees, Pajama Game, Carousel, Most Happy Fella and recently here in Fiddler on the Roof.

The question of the play is "Who Gets To Be King After Henry?" Richard, Geoffrey or John?

Honors Day Thursday at High School

Antioch Community High School will hold its annual Honors Day program Thursday at 2:30 p.m. in the school cafeteria.

Recognition will be given to the students who have made unusual accomplishments during the past year. Representatives from the community, school, and armed forces will present awards to the students. Families have been notified and have been invited to attend along with their friends and relatives.

THE BLACK BIRD

The Bogart classic of some 30 years ago, "The Maltese Falcon," is back as a supposedly comic sequel. George Segal is Sam Spade Jr. who is stuck with his father's private eye business and involved in another struggle over the mysterious falcon statuette which he finds stashed away in a file drawer. There are a few bright moments at the beginning, but the wobbly and narrow plot fails to develop. Characters are left milling about and aimlessly bumping into one another. Bogle, where are you? Also stars Stephanie Audran and Lionel Stander. Written and directed by David Giler. (PG)

Clever Clovers Show Skills

By MIKE FALLON

Demonstrations, talks, displays and a style show highlighted the annual "Achievement Night" of the Clever Clovers 4-H Club.

The program began with Mike Fallon talking about Mosaics. Karen Stoinski demonstrated making brownies, followed by Judy Houghton showing the proper way to sew with stripes.

Fruit salad was artistically prepared by Kenny Stoinski. Unique candlesticks were constructed by Lorna Whitton. Steve Stoinski demonstrated proper wood sanding techniques, and a delicious rhubarb pie was created by Susan Williams.

The program continued with Marsha Fallon making a flower arrangement with daisies.

Tom Poulos told how to build a wren house; and two book reviews, "Dog," presented by Angie Poulos, and "Trouble River," presented by Gary Quedenfeld, were given. Dawn Quedenfeld presented some basics of needlepoint.

After the style show, refreshments made by the Clever Clovers were served to parents and guests.

ACHS Athletes To Hear Henson

Lou Henson of Illinois, a coach with a history of turning basketball programs around, will be the guest speaker at 7 p.m. Monday at the Antioch High School athletic banquet.

The event is the annual Antioch Lions Club salute to senior boy and girl athletes.

Superintendent Warren Polley said the program will be held in the school cafeteria.

Henson took over the 1975-76 Illinois team in hopes of reviving the spirit and tradition of the Illini.

He was hired on Apr. 5, 1975, replacing Gene Bartow. Following his appointment, Henson rounded out his staff with the selection of Les Wothke, while Tony Yates remained from last year and was named Henson's top assistant.

Henson had an impressive 18-year coaching record of 364-123. He was head basketball coach and athletic director at New Mexico State University. During his nine years there, 1966 to 75, Henson compiled a 173-71 win-loss mark.

Before Henson arrived, the Aggies had not had a winning

LOU HENSON

team for five years and had finished the previous season (1965-66) with a 4-22 record, the worst in the school's history.

Henson took control and turned NMSU into a winner during his first season. That team tallied a 15-11 record, good enough to gain a berth in the

1967 NCAA playoffs.

Bids to the NCAA were the norm for the next four years as the Henson-coached Aggies continued their rise.

In 1969-70, New Mexico St. and Henson received national recognition by recording a 27-3 mark and placing third in the NCAA finals. The Aggies reached the final four that season and lost to eventual champion UCLA 93-77. They then defeated St. Bonaventure 77-73 for the third place trophy.

In his final season at New Mexico St., 1974-75, Henson's squad was picked to finish last in the Missouri Valley Conference. Yet the Aggies made believers of the fans in Las Cruces with a 20-7 record and another NCAA bid; the sixth such bid in nine years. For his efforts, that season, Henson was named as Missouri Valley Coach-of-the-Year.

THIS IS the 35th year the Lions Club has sponsored the athletic banquet.

In addition to the athletes, among those who will be guests

of the club are senior cheerleaders, pom-pom girls, the color guard and senior band members. A "most valuable athlete" will be selected in each sport.

Each teen-age guest is being encouraged to bring a father, mother or an adult guest. The Lions would like to limit adult guests to one person each because of space limitations. Tickets will be sold at the door at a cost of \$4 for each adult.

Grade School Plans Rocket Launchings

For the fourth straight year the schoolgrounds at the Antioch Upper Grade School will be transformed into a "miniature Cape Canaveral."

From Tuesday, May 25, through Thursday, May 27, model rockets will be leaving the launch pads at the rate of 70 or 80 a day.

The three days are the culmination of a flight unit in some of the school's science

Are Algae-burgers In Our Future?

A British scientist contends that cultivating algae is the world's best hope for solving the growing protein shortage.

A General Foods publication reports that the scientist notes algae contain a lot of protein—one type 70 per cent. By comparison, wheat contains only 12 per cent. But more than that, wheat produces only 135 pounds of protein an acre, while algae, cultivated in huge lagoons, could produce nearly 150 times that—20,000 pounds.

classes. The models are built by the students of Paul Epner, science teacher.

"Some are quite sophisticated, involving two or three stages," Mr. Epner said. "They reach heights of more than a half-mile before returning by parachute."

Mr. Epner said the "flight director" will be seventh grader Nancy Harland. Other students will serve in the roles of launch crews, recovery crews, altitude trackers, data recorders and safety officers. Communication between crews will be by walkie-talkie and coordinated by student "mission control."

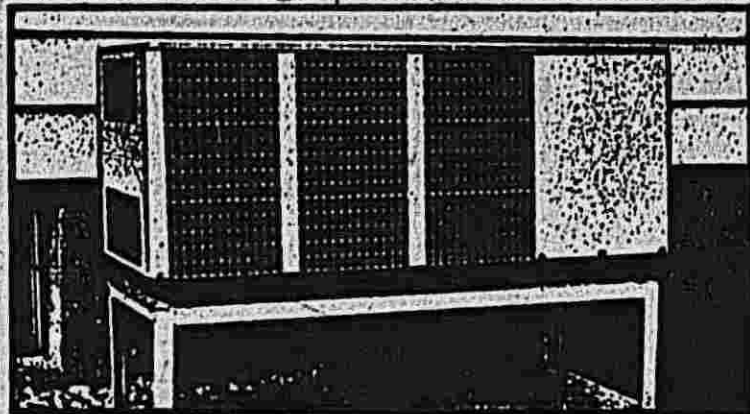

Spectators will be kept informed by a public address system. The launches will last from 8:30 a.m. till 2 p.m. on each day.

"Bring your lawn chairs," Mr. Epner said.

Do you know about the home heating system that pulls energy out of thin air?

Introducing the heat pump.

Scientists have known for centuries that the air around us is a storehouse of heat energy. But it's only been in recent years that they were able to develop an efficient way to tap that abundant resource—the heat pump. Today,

it is the only commercially available heating system that provides an answer to shrinking supplies of other fuels.

How the heat pump works:

Basically, the heat pump moves heat from one place to another. It uses electricity to extract heat from a limitless source—the heat in outdoor air. During winter, enough heat remains in the air—even on the coldest and cloudiest days—to be extracted by the pump and transferred indoors as clean, flameless heat.

And during warm weather, the process automatically reverses, removing excess indoor heat and humidity like an air conditioner.

Better efficiency.

In short, the heat pump does the job of both a furnace and an air conditioner. But there's an important difference. In northern Illinois the heat pump can produce more than 1½ units of heat energy for every unit it consumes. That's better efficiency than any other current heating system. That could mean significant long-term savings on heating costs.

To get the full advantages of the heat pump, it's important to get a quality product, properly installed and reliably serviced. For the name of qualified installers in your area, call G. W. Berkheimer Co. (Westinghouse Distributors), 312-374-4111; General Electric Co., 312-496-6356; Lennox Industries, Inc., 312-593-2820; or Temperature Equipment Corp. (Carrier Distributors), 312-681-6220. If you want additional heat pump information, call your local Commonwealth Edison office and talk to one of our marketing engineers.

Upper Grade Students Successful in Sports

Antioch Upper Grade School is winding up another highly successful sports season in the Northwest Grade School Conference.

Member schools in the conference are Antioch, Fox Lake, Gavin, Grayslake, Lake Villa, Lake Zurich, Round Lake and Woodland.

All students are eligible to try out for Antioch Upper Grade School teams. Eighth grade teams are comprised of only eighth graders; seventh grade teams are comprised of sixth and seventh graders. If there is only one team, all grade levels are eligible.

Antioch Upper Grade School offers the following sports: boys and girls softball, basketball, volleyball, track, wrestling for boys, and cheerleading for girls.

THE BOYS softball team had a successful season this year. Although the Apaches were a young team with little home-run power, they surprised many of their opponents and compiled a 4-3 record, to tie for second in the conference.

The girls softball team compiled a record of 5-2 for third place in the conference. It was the first trophy won by the school for girls softball.

The eighth grade boys basketball team was much improved over last year. It completed the season with a record of 12-6 and finished second in the Upper Grade School invitational tournament.

The seventh grade basketball team couldn't get rolling until late in the season. The girls basketball teams completed their first season in the conference with the seventh grade starting strong and never weakening. It showed skill and determination by going undefeated with a record of 10-0 and finished first.

The eighth grade girls couldn't match that success. It completed the season with a record of 3-7.

DUE TO dedication, hard work and team spirit, the wrestling Apaches completed their second consecutive undefeated season in all dual meets. The grapplers also took first at the Wilmington invitational, first in the Northwest Conference, first in the districts and third in the state sectionals.

The cheerleaders were busy this year and cheered for boys and girls basketball and wrest-

ling. In conference competition the squads were judged on appearance, pep and enthusiasm, coordination, movement and sportsmanship. Their hard work was well-rewarded. The seventh grade squad took second and the eighth grade took first in conference competition.

The boys volleyball team came along way this year. With no returning members from the previous year, it was off to a slow start, losing its first three matches. But through hard work and dedication it won three of its last four matches. The only loss was to an undefeated team. The Antioch record was good for fourth in the conference.

THE GIRLS volleyball team completed its first full season. It won four games and lost three and tied for third in the conference.

The girls track team left the world of "powder puffs" and entered the world of athletics. During the present seven-week season each girl will run 750 miles and do 50 hours of intense calisthenics. The schedule calls for six dual or triangular meets with the conference tournament at the end. So far the seventh grade girls have won three and lost two, and the eighth graders show five wins and no losses.

THE BOYS track team is completing its second season and looking forward to a successful record. The boys will also compete in six dual meets or triangulars and will compete in the conference track meet. Present records show the seventh graders leading the way with seven wins and one loss, and the eighth graders not far behind with a 6-2 record.

The present seventh grade track team is hoping to repeat as conference champion and the eighth graders may carry on the winning tradition.

Track Meet Here Saturday

Antioch Upper Grade School will host the Northwest Grade School Conference track meet this Saturday, 9 a.m., at Antioch High School.

The preliminaries will start after the field events at 9:30 a.m., with the finals starting at 12:30 p.m.

Antioch Upper Grade School offers an intramural program every Thursday afternoon. All

students are eligible to play, excluding those who made the extramural teams. The program is designed to give the students who are not on interschool teams an opportunity to play in an organized after-school sport.

The intramural activities offered this year were flag football, softball, volleyball, basketball, floor hockey and gymnastics.

For students interested in going out for sports next year, physicals will not be given at Antioch High School or the Upper Grade School. To avoid the seasonal rush, students can make an appointment to have their physical taken this summer by a family doctor.

Waukegan Speedway Plans Action Galore

The weatherman was the big winner at Waukegan Speedway last weekend as Saturday's program was cancelled early in the afternoon due to rain and wet grounds.

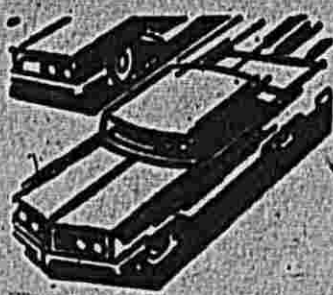

Sunday's card was on until cold weather and high winds swept the grounds at practice, sending fans shivering back to their cars. Rain checks from Sunday's program will be good next Saturday or Sunday.

Promoter Gordon Sill announced the signing of the United Auto Racing Association (UARA) midgets for Friday night, July 2, at Waukegan's quarter-mile. They will run a full card including a 25-lap feature. Track observers believe the one-lap, all-time record may be broken at that meet.

Coming up May 28 will be the first Friday night special of the year.

The hobby stocks, more than 50 strong, will be racing for about four times their regular purse ... and that in itself could generate unexpected thrills.

In addition the season's first powder puff derby will be run with the gals taking to the

pavement in the hobby cars. Over 20 are expected to enter.

"Beat-Your-Neighbor" racing will also be on the May 28 card. Passenger cars and trucks right out of the parking lot run, two at a time, in quarter-mile races, similar to a drag race - except with four turns.

The fourth part of the May 28 special will be the season's first demolition derby.

Late model and hobby stock car racing returns this Saturday and Sunday night at Waukegan with time trials at 7:15 p.m. and the first race at 8 o'clock.

Today, a "popinjay" is a conceited, empty-headed person, but the word was originally the name for a parrot!

Country Club Has Openings In Golf Loop

Golf professional Nick Marucci said that openings are available in the Thursday Night Mixed League at the Antioch Country Club.

This year the league will be run on an individual basis for men and women.

"All golfers will register in the pro shop so they may be handicapped by the U.S.G.A. system," Marucci said.

The Mixed League will begin on Thursday, May 27, at 5:30 p.m. and play nine holes each week until Sept. 30.

Marucci can be reached by calling 395-3000.

COLLEEN DEVRIES from Antioch Senior Girl Scout troop No. 110 and Barb Pelozo from Waukegan Senior Girl Scout troop No. 94 took part as a team in the annual 50-mile Fox River Canoe Race.

Rain and fog all day Saturday, May 15 did not dim the enthusiasm of Colleen and Barb. Despite the blisters and sore muscles the girls are looking forward to next years race.

Sequoits 2nd in Conference Track

Antioch High School's track and field team placed second last Saturday in the Northwest Suburban Conference championships, held in rain and fog at Stevenson High School.

Woodstock won the championship with 134 points while Antioch scored 120. Wauconda was third with 98.

ANTIOCH HAD two individual champions. John Christiansen won the discus with a throw of 137 feet and the Sequoit half-mile relay team finished first in 1:35.9.

Second place finishers for Antioch were Mike Ware in the

triple jump, Bob Ogden in the pole vault and Bill Harland in the 880.

Ware also placed fourth in the long jump. Bob Walsh was fourth in the triple jump, third in the high hurdles and fifth in the low hurdles.

JERRY MICHALAK of Antioch finished third in the high jump while Dennis Pederson was third in both the shot put and discus.

Antioch also was third in the mile relay with the team of Walsh, Tim Huebner, Dave Lagerstrom and Brian Andrews.

REMEMBER THE NAME ... Huebner. Antioch sports fans will be hearing it often in the next two years. Tom Huebner (right) is shown edging out his brother, Tim, in a recent 440-yard dash. Tom is 17 and Tim is almost 16. Both are track stars and also will be trying out for the varsity football and basketball teams when they are juniors next fall. They starred in football as sophomores and also helped the soph basketball team enjoy an undefeated season. Tim, the youngest, is 6-4 1/4 while Tom is 6-feet even. (Paul Mapletorpe photo.)

Baseball Race To Get Hotter

Antioch High's varsity baseball team is getting ready to make an all-out effort to win the conference championship.

Warren leads the league with a 10-3 record while Antioch's Sequoits are second with a 9-4 record.

A lot of key conference games are coming up. The Sequoits were scheduled to play Cary-Grove last night. Thursday they travel to Wauconda and Saturday they play a doubleheader at Grant. Next Tuesday they go to Stevenson.

Those five games will determine whether Antioch stays in the race, or maybe even takes the lead away from Warren.

Coach Bill Seemann's Antioch team lost a 7-3 non-conference decision to Zion-Benton here Monday.

"In the non-conference games I try to give a lot of reserves a chance," Seemann said. "I use the boys who might not see action in the more important conference games."

LAST WEDNESDAY the Sequoits won an exciting 7-6

decision over Lake Zurich when catcher Jon Bodin drove in the winning run in the bottom of the seventh inning.

Lake Zurich had been tied with Antioch for second place.

Don Norwick started Antioch's seventh inning with a single, then Mitch Witt singled. Bodin's hit brought in Norwick.

Antioch had led 6-3 until Lake Zurich scored three runs to tie the game in the top of the seventh.

Witt and Tom McAvoy hit triples for Antioch during the contest, and Witt and Keith Evanson connected for doubles.

Baseball Tryouts Sunday

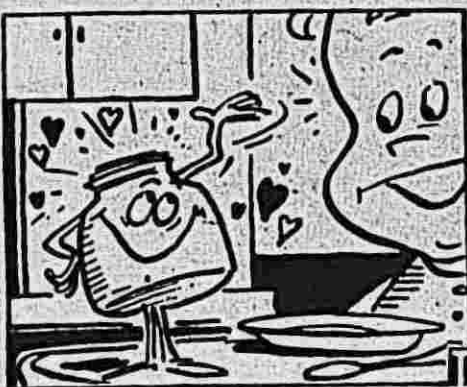

Antioch's American Legion baseball tryouts will be held Sunday at the high school field, beginning at 10 a.m.

Players interested in trying out for the Antioch team should report at that time.

Understanding Your Baby

Baby Food Economy

Now more than ever, some parents of small babies are asking, "Isn't it less expensive to make your own baby food at home?"

This is the "volleyball" question to which many nutrition experts are unable to answer with an absolute "yes" or "no." Nutritionists at Heinz, who are among the most knowledgeable people in the world when it comes to baby food, have observed that availability of food varies from season to season and so do the costs. Energy, time and preparation are cost factors that vary. All in all, there seems to be no significant difference in the costs of home-prepared and commercial baby foods.

So it would seem that for simple time-saving, commercial baby food is the canner idea.

If you see a small amount of white fluffy mold on food, it's a good idea to throw away the item. The fluff is actually the "bloom" of the mold—and where there is bloom, there are often deep, widespread roots.

Coaster Derby In Lindenhurst

The Lake Villa-Lindenhurst Jaycees' Spirit of '76 coaster derby will begin at 12 noon Saturday at Sand Lake Road between Beck and Valley Roads in Lindenhurst.

Chairman Tom Penttinen said competition is open to boys and girls 8 to 13 years of age who live in Lake Villa Township.

Car wheels must be 10 inches

in diameter, hard rubber (not air tires) have steering wheels, some type of foot brake and a body of some type, but not made of glass, fiberglass, plexiglass, cardboard or cloth.

Cars must be between 72 and 84 inches long, 18 to 20 inches wide, with an axle width of 34 to 36 inches. The weight of the car and driver combined must be between 200 and 250 pounds.

VILLAGE TRUSTEE Bill Seemann (left) threw the first ball to open the 1976 Antioch Little League season Sunday. Seemann, who also is the Antioch High School baseball coach, was subbing for Mayor Robert Wilton, who was out of town. Carl Amundsen (right) pitched hard and often

for last year's champions, the Cardinals, but they were beaten 1-0 by the Tigers as winning pitcher John Haling's home run decided the game.

BIG LEAGUE STYLE was flashed by Jerry Haling of the State Bank Tigers as he prepared to take a lusty cut at a Cardinal pitch in Sunday's Little League opener here. The Cardinals, last year's champions, lost a 1-0 thriller to the Tigers, last year's runnersup.

Wilmot, Lake Geneva Racers Eager To Go

Saturday night stock car racing at two Southern Wisconsin Toft Auto Racing tracks were cancelled by rain last weekend.

Both the Kenosha County Speedway in Wilmot and the Lake Geneva Raceway are hoping odds are in favor of good weather for racing at both tracks this weekend.

At Wilmot Saturday night, it will be super-modified and late model sportsman stock cars with Champion Dick Colburn, Muskego, trying to win a fourth straight 25-lap feature against no losses this season.

The late model sportsman stock cars have had two winners out of three races so far, with Ken Zeisse, Union Grove, the double winner and the point leader.

At Lake Geneva, Dave Watson, Milton, Wis., has won two

of the three late model stock car races.

The super-modifieds, sportsman and spectator stocks are scheduled for Sunday night May 25, at the Lake Geneva Raceway.

Some new faces are ready to race at Lake Geneva, including Carmen Menzardo and Don Collins of Antioch.

THE SUPER modifieds were able to race at Lake Geneva Sunday night and Ron Bergsma of Richmond wound up winning the feature after taking the lead away from Roger Hacke of Waukegan.

Ron Robel of Oconomowoc, Wis., sneaked into second place, only inches behind Bergsma's car. Robel leads point standings with 67 and Bergsma now has 58.

THE ROAR of the mighty midgets will be heard at Lake Geneva Raceway Friday night, May 28, with time trials at 7 p.m. More than 40 cars are expected. In this photo Bill Minkler of Worth, Ill., leads a group off the turn.

BOWLING

Lakeside Resort won the championship in the Pinspotters' bowling league by defeating Wilton Electric in a roll-off.

Each team had a record of 70½ wins and 28½ losses in the 12-team league that bowls at Antioch Lanes.

Rittenhouse & Embree fin-

ished third in the standings.

Lakeside Resort had the high team series during the season: 2,635. Schneider Trucking and Hahn's Jewelry tied for high game with 924.

The best individual series were a 619 by Betty Sue Schulmeister, a 612 by Sue Schaefer (her first time over

600) and a 607 by Fay Veltum.

Sue Schaefer had the high game of 242, followed by Nancy Graham with 235 and two ladies with 232 games: Betty Sue Schulmeister and Dee Ellis.

Forty-six of the league's 60 members improved their averages this season.

PROTECTING YOURSELF AGAINST LOSS TIPS TO HELP YOU

This information has been supplied by experts at The Society of Chartered Property & Casualty Underwriters, the national professional society whose members have earned the CPCU designation by meeting high educational, ethical and experience requirements.

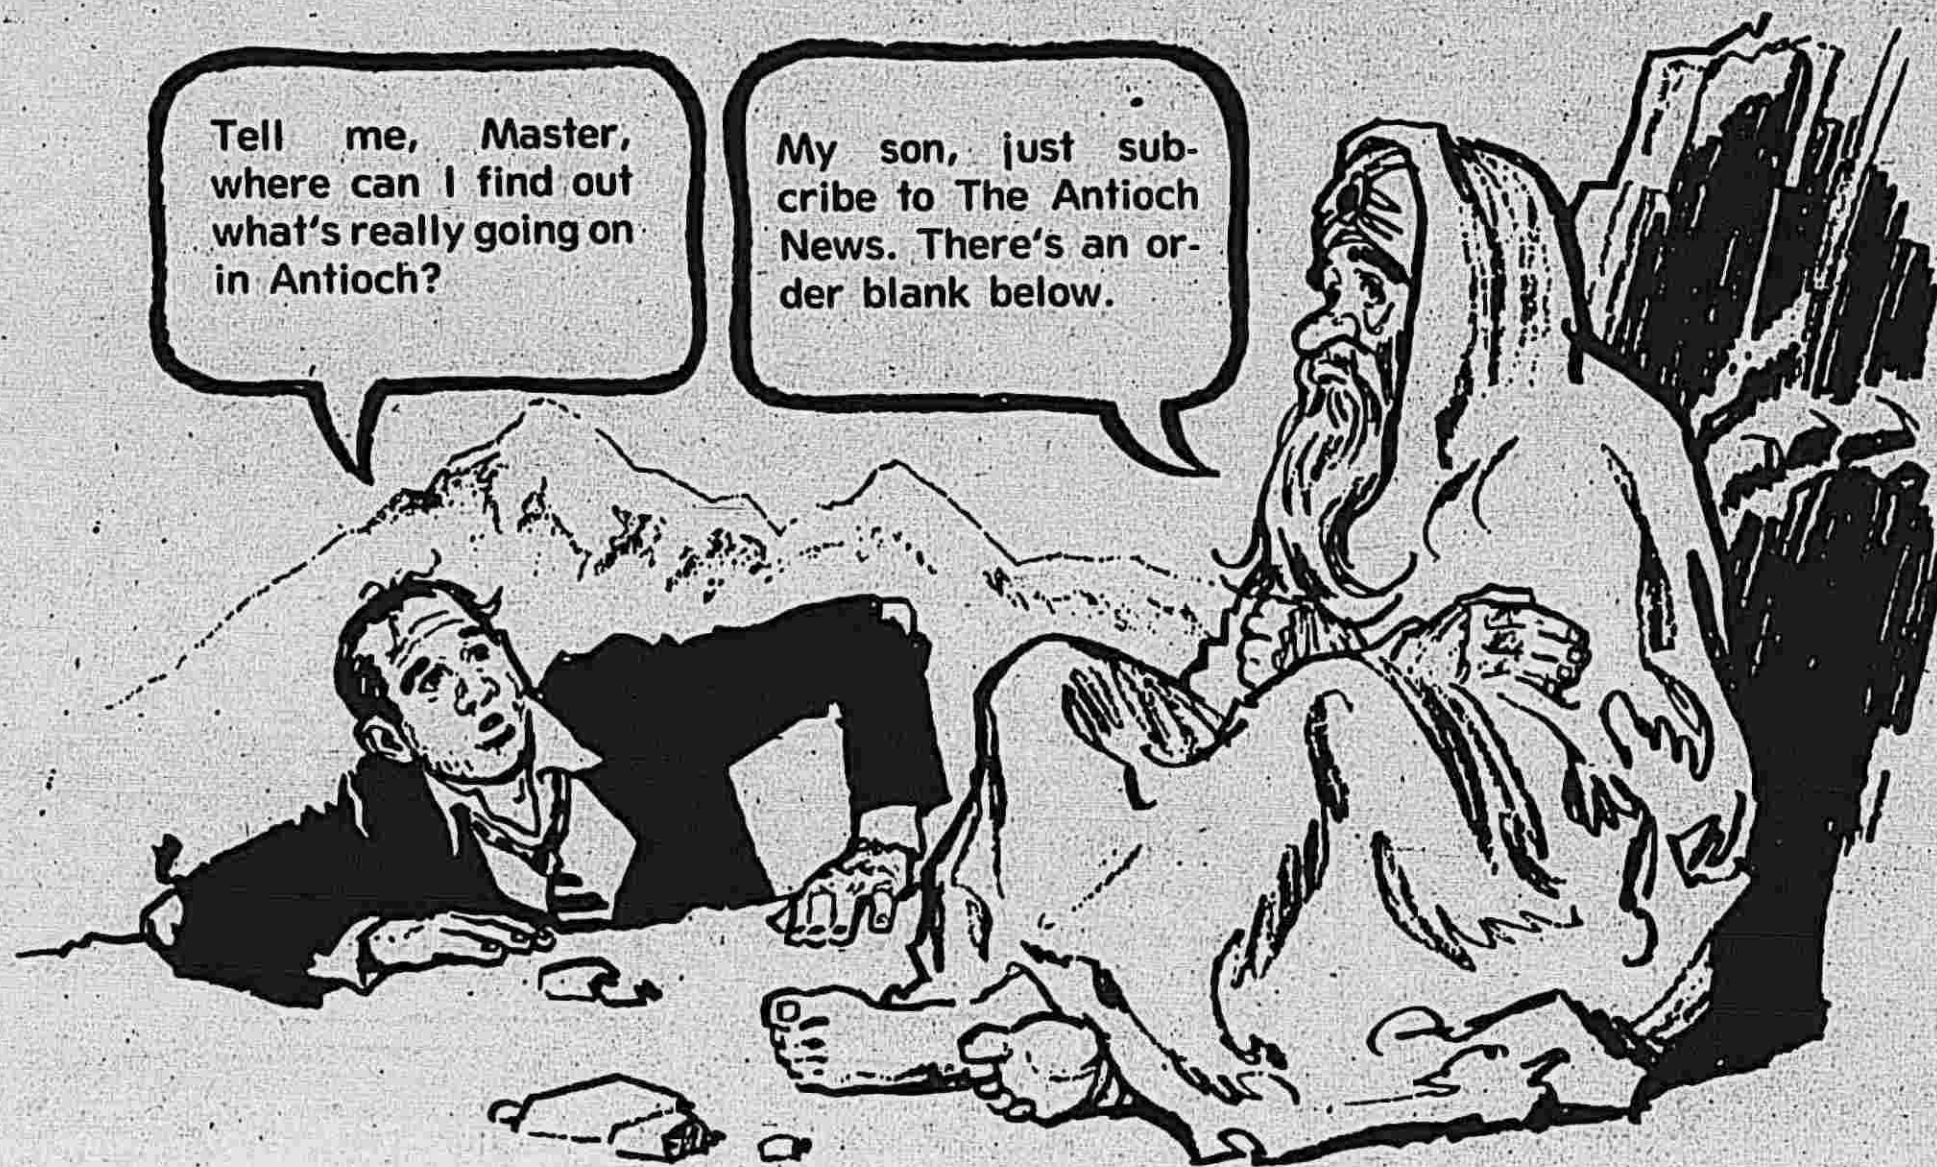

Q. My brother is thinking of switching from \$100 deductible collision coverage to \$250 deductible. I know that this will lower his premiums, but he tells me that if he ever had to pay out \$250, he could deduct it at tax time. Can he?

A. No, he can't. Going from \$100 deductible to \$250 deductible will lower his premiums, but casualty losses are no longer deductible on federal tax returns. The Bureau of Internal Revenue makes it clear that you can't deduct these losses on family cars used for pleasure rather than business.

The same applies, by the way, to damage done to your home and not covered by insurance. You can't deduct the loss from your income when figuring your taxes.

People were so afraid to fly in airplanes, probably feeling they were "agin nature," that it took the Wright brothers five years to get a customer to ride in one of their planes.

By Warren B. Davis
Director, Energy Economics
Gulf Oil Corporation

What are the possible solutions to America's long-term energy problems?

There are three possible courses of action. The first one is to depend on an ever increasing volume of imports. This is easy, it requires little planning, but it's a relatively high-cost solution and foreign oil is not a secure supply for the United States. The second possibility is to cut our consumption. Now, this is a lower cost solution but it would require rationing and it would affect the American economy. The third possibility is to develop the vast U.S. fuel resources. This is a solution that is very desirable in that it protects our security and it promotes economic growth. On the other hand, it would require higher prices and it would require a decided change of attitude on the part of the U.S. Congress.

• Mr. Davis was principal author of the National Petroleum Council's "U.S. Energy Outlook" prepared for the U.S. Interior Department.

Village To Buy Dump Truck; Work on McMillen Rd. Planned

The village of Antioch will buy a new dump truck and will repair and resurface McMillen Drive Rd., which is just east of the high school football field leading toward the industrial park.

Bids were opened at Monday night's village board meeting and in each case the low bid was accepted.

The dump truck will be purchased from Stewart Olson Implement Co. for \$15,933.

The work on McMillen Rd. was awarded to Liberty Asphalt of Grayslake for \$20,665.

ONLY ONE bid was received on a new police squad car, so it wasn't opened. The board decided to re-advertise for new bids.

Trustee Ron Cunningham suggested that the various industries be informed when

McMillen Rd. is closed so they can re-route their customers into the industrial area.

Cunningham said the planning commission has approved the annexation of the Antioch Bowling Lanes property. A public hearing on the petition to join the village will be held at 7 p.m. on Monday, June 7.

Following a public hearing on the village's new zoning map, it was approved by the trustees 6-0.

Trustee Mike Haley said his committee has suggested some changes in the proposed village sign ordinance. Haley's group will meet with the planning commission to discuss the changes and a public hearing will follow.

THE VILLAGE board decided to advertise for bids on the reroofing of the village hall,

the police department and the fire department. Bids will be opened at 8 p.m. on June 7.

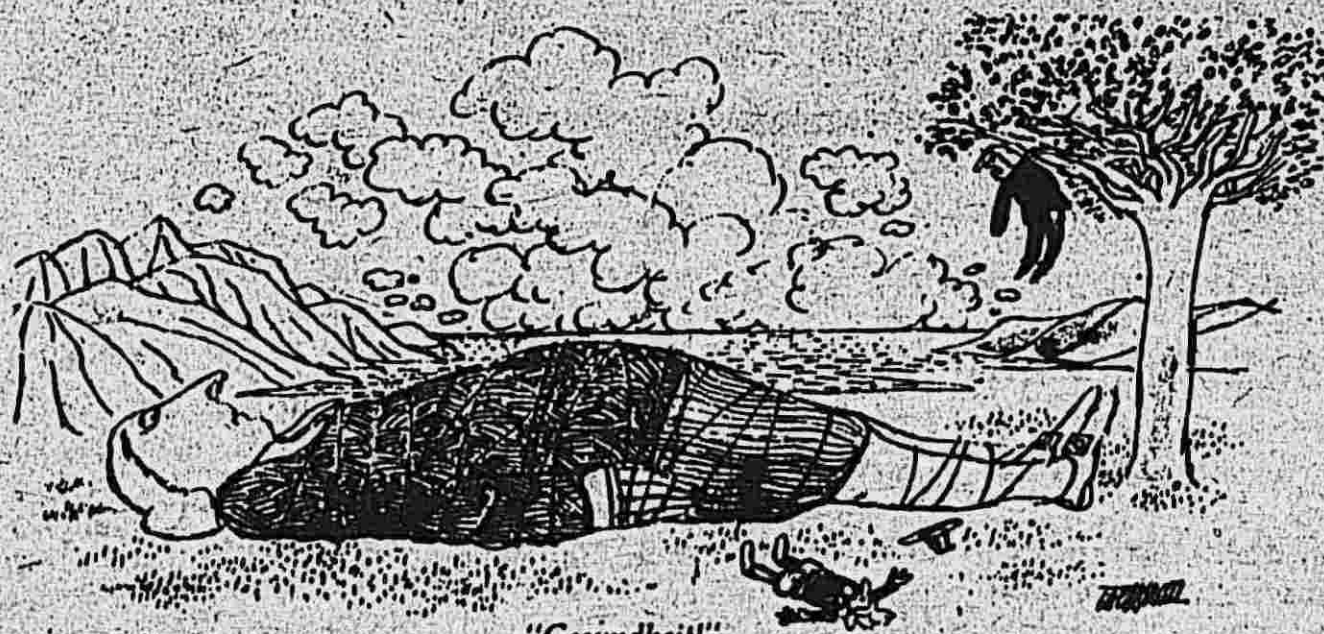

Haley said the construction of a sidewalk on North Ave., from Hy. 83 to Oakwood Dr., is awaiting permits from Lake County so that the village can work on county "right-of-way."

TRUSTEE BILL Seemann announced that a ceremony will be held at 2 p.m. on Saturday, June 19, for the opening of the new sewage treatment plant facilities.

The village park commission will meet Wednesday (tonight) at 8 o'clock. The zoning board

will meet at 7:30 p.m. next Tuesday to discuss the pre-annexation agreement with Antioch Bowling Lanes.

The next meeting of the village plan commission will be at 7:30 p.m. on Thursday, June 3.

RE: IMMUNIZATION - Many are coming in asking about what is required. I would like to encourage people to consider having some immunization before taking off on their travels.

While some immunization is required for the Far East, none is necessary for trips to Europe.

However, considering the age of sewage systems in many European cities, and the fact that sanitary conditions vary from country to country, I think it's a good idea to have a current smallpox vaccination.

Immunization against typhoid and cholera also is a good idea. Sometimes having these shots before leaving on a trip can avoid an unpleasant experience later. Last year touring India and around, at one point a border was closed due to a cholera epidemic. Everyone who had not been immunized previously against cholera had to receive a shot. Unfortunately, a few people had some reaction, and were not able to really enjoy the rest of the trip.

Being with the airlines for 18 years and even now still moving about from one country to another, I keep up with ALL of my shots.

To date I have had no problem from the receiving of shots constantly or traveling. It is always best to be prepared.

Remember, we have the best sewage system in the world because of our size and young age. As a result we are spoiled - just like a baby. We can get sick very easy and this is a sure way of making your vacation a disaster. Why take a chance?
